**ON-COUNTER BLENDING STATION®  
MAXIMUM PERFORMANCE**

Offers six different programs allowing you to blend any kind of drink consistently at the touch of a button. With 3+ pak HP the maximum performance container and enhanced blade design you can handle thicker ingredients easily and reduce processing time by one-third. This extra power combines with the Maximum Performance Container and enhanced blade design to handle thicker ingredients with ease and speed, without overheating.  
**VM3600**

**DRINK MACHINE  
MAXIMUM PERFORMANCE**

The most cost-effective timer blenders you can buy. The Drink Machine is up to three times faster and five times more powerful than other comparable "commercial" blenders. Simple to operate - with an automatic Timer that starts in Low and then kicks up into High for a smooth finish - turning off automatically. The Drink Machine MP offers a longer patent-pending, hardened stainless steel blade to increase blending speed.  
**VM5040**

**THE PORTION BLENDING SYSTEM®**

Large 5 gallon hopper automatically dispenses precise amounts of ice. The ice is then fed into the blender container and thoroughly homogenized with ANY drink mix and/or other ingredients. One-button simplicity. Easily programmed to make up to 4 drinks (up to 60 oz.) at one time. Or create your own programs right from the touch pad. Holds 5 gallons of ice and dispenses exact amounts of shaved ice for a perfect frozen drink every time. Use any mix with ice plus ingredients to create perfectly blended frozen drinks. 1-year warranty  
**VM1502**

**BARBoss®**

A maximum performance blender features acceleration and pulse, coupled with versatility and durability professional bartenders need. 2+ peak hp motor. 37,000 RPM bare motor speed. 120 VAC, 50/60 Hz. 11.5 amps. With high performance, clear polycarbonate container.  
**VM5041 .....32 oz.**  
**VM5029 .....48 oz.**

**VITA-MIX DRINK MACHINE 2-SPEED BLENDER**

The most cost-effective blender you can buy. The Drink Machine 2-speed is up to three times faster and five times more powerful than other comparable "commercial" blenders. The 2-Speed gives the operator the option to use High or Low speed alone, or change from one to the other manually. The Drink Machine's blade has enough torque to crush a half gallon/2.0 L of cubed ice in three seconds. Smooth granitas, margaritas, smoothies, milk shakes, malts, whole fruit and vegetable drinks, frozen (not iced) coffees and teas...every time. All stainless steel enclosed blade assembly with sealed ball bearings. Patented clear polycarbonate container is virtually unbreakable and lets you see inside.  
**VM748 .....64 oz**

*Parts also sold separately!*
