Aerohot

AEROHOT STEAM TABLES

Aerohot Steamtables offer efficiency and economy, and are available in many sizes with a variety of standard and optional features. All electric units are available with adjustable feet or on 5" casters. All units are constructed with stainless steel bodies, legs and undershelves. They have 7" wide poly carving boards on stainless bases with stainless brackets. Electric models are available with exposed or sealed wells, and can be ordered in 2, 3, 4 or 5 well configurations. The sealed wells are made of stainless steel and the 750 watt heating elements are located under the liner pan for both wet or dry operation. Each well has an individual drain valve and infinite switch. A 6' cord and plug are supplied.
