### STAR-MAX GAS CHAR BROILERS

Choose Lava Rock (great flare-up and char flavor) or Radiant style (more controlled flame and even heating). Designed for demanding foodservice applications.

Maximum performance & years of trouble-free operation.

- STAR 6024CBD.....24" Lava Rock
- STAR 6036CBD.....36" Lava Rock
- STAR 6048CBD.....48" Lava Rock
- STAR 6124RCBD ...24" Radiant
- STAR 6136RCBD ...36" Radiant
- STAR 6148RCBD ...48" Radiant

### CONVEYOR TOASTERS

Patented forced convection system increases productivity, keeps the toaster cool to the touch, and extends the life of critical components. Quartz infrared heaters provide faster, more consistent heating than traditional heating elements.

- STAR QCS2 350.....120V - 10" Belt, Toasts 350 pc/hr
- STAR QCS2 500.....120V - 10" Belt, Toasts 522 pc/hr
- STAR QCS3 1000 .....208V - 14" Belt, Toasts 1,000 pc/hr

### STAR-MAX GAS HOT PLATES

Designed for demanding foodservice applications. Will deliver years of maintenance free operation. 22,000 BTUs per burner - natural or LP gas.

- STAR 602HD ....2 Burner
- STAR 604HD .... 4 Burner

### DISPLAY CABINETS

Perfect for merchandising menu items in 12-1/2" or 15" of counter space. Infinite controls allow you to adjust temps items up to 180°. Forced air system circulates air throughout cabinet keeping food at proper temperatures. Shelves adjust - flat or angled for proper viewing.

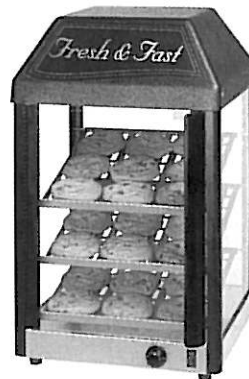

- STAR 12MC.....12-1/2", 2-shelf
- STAR 15MC.....15", 3-shelf

### CHEESE DISPENSER

Heated spout keeps cheese hot, flowing, and safe from bacteria growth. 500 Watt wrap-around heating elements provides excellent performance.
